

# Reactivation Walkthrough Guide

Welcome to the XNET Reactivation Walkthrough Guide! In this guide, we'll walk you through the process of creating your new XNET login account and reactivating your XNET WiFi access points. Please follow each step carefully to ensure a smooth reactivation experience.

Let's get started!

## Creating your new XNET Account

### Steps:

1. Go to [activate.xnet.world](https://activate.xnet.world) and select the Wi-Fi XNET Device Type you need to reactivate.

2. Select **Sign Up** from the Login Page.

3. Create a **New** XNET login account by filling the required fields.

**Note:** If you are reactivating, you **must use the same email** from your previous account login but choose a **New Password**. Otherwise, you will not be able to see your existing radios.

A screenshot of a registration form titled 'Register' on a dark grey background. The form is white and contains the following fields: 'First name', 'Last name', 'Email', 'Password', and 'Confirm password'. Each field has a corresponding input box. The 'Password' and 'Confirm password' fields have eye icons to toggle visibility. Below the form, there is a blue button labeled 'Register' and a link labeled '« Back to Login'.

4. Sign into your newly created account with your **Email** and **New Password**.

A screenshot of the XNET sign-in page. The page has a dark grey header with the 'XNET' logo. Below the header is a white sign-in form. The form contains the following elements: a title 'Sign in to your account', an 'Email' input field with the text 'myxnetaccount@gmail.com', a 'Password' input field with masked characters and a toggle eye icon, a 'Remember me' checkbox which is checked, a 'Forgot Password?' link, a large blue 'Sign In' button with a mouse cursor hovering over it, and a footer with the text 'New user? Register'.

## Reactivating Your Wi-Fi Devices

### Steps:

1. Once logged into the activation portal, choose your device from the “**Serial Number**” dropdown list.

**Note:** Only your Wi-Fi devices will appear in this activation form. You will see a warning symbol next to every device that has not been reactivated and a check mark next to devices that have been successfully reactivated.

# XNET Node Activation

Before you begin the activation process, be sure to read through the appropriate installation instructions for your hardware unit.

[ADD SERIAL NUMBER MANUALLY](#)

MAC Address

eg:... a1b2c3d4e5f6

2. Next, Select a site location from the “**My Venues**” dropdown field. Ensure that all the relevant fields are filled in for the venue you have chosen, if they are not, update the fields and they will save for that location when you submit the rest of the form.

**Deployment Venues**  
Select a deployment site venue from the dropdown or create a new site.

**My Venues**  
Select your site from the dropdown list

10th and Market Bus Stop

**Venue Type**  
Select your site type from the dropdown list

Bus Stop

**Venue Name**  
e.g., 5th & Market Stop

10th and Market Bus Stop

**My Venues**  
Select your site from the dropdown list

10th and Market Bus Stop

- Moe's Bar
- Sheraton Hotels and Resorts
- New Look Barber Shop
- Franklin Square City Park
- Jefferson Hospital
- Shell Gas Station
- Los Gallos Mexican Restaurant

10th and Market Bus Stop

[CREATE A NEW SITE](#)

3. Users now have the option to **“Create A New Site”** if you don’t see one of your venue locations or need to create a new one. From the **My Venues** dropdown, select the **Create A New Site** option. This will bring you to a new page where you can fill in all the relevant information about your new venue. Once you have filled in all the required fields, your new site will show up in the **My Venues** dropdown as the venue name you assigned it.

## Add New Venue Site

**Add New Venue Site**  
Please complete this form to create a new venue site

**New Address**  
eg: 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA

**Venue Type** **Venue Name**  
Select your site type from the dropdown list eg: Crypto.com Arena

**Site Latitude** **Site Longitude**  
eg: 37.5861 eg: -122.2926

**Street Address** **Suite #, Building... (Optional)**  
eg: 1600 Amphitheatre Parkway eg: suite 4

**Floor... (Optional)** **City**  
eg: 4 eg: Mountain View

**State** **Zip Code**  
eg: CA eg: 94043

**On-Site Contact Full Name** **On-Site Contact Phone Number**  
eg: ... John Smith eg: ... 310-111-2222

**Solana Wallet Address**  
eg: 5qRf8uMBLr... ?

### Deployment Site ISP Information

Please provide information about your Internet Service Provider

<b>ISP Name</b>	<b>Service Category</b>
Select your ISP	Select Service Category
<b>Internet Speed</b>	<b>Connection Type</b>
Select Internet Speed	Select Connection Type
<b>Onsite Security</b>	
Onsite security in place	

**Success!**

You have successfully added a new site.

[ADD MORE](#) [CLOSE](#)

- When selecting a deployment site from the **My Venues** dropdown, it should auto-populate the **“Deployment Site Address”** fields and other relevant information about the site. Please ensure that the information is correct and that additional site information is included if available, such as Suite, Floor, or Building Number. You will also be required to add the **On-Site Contact Full Name & Phone Number**.

### Deployment Site Address

Please provide all required information about the deployment venue.

**Current Address**

254 S 10th St, Philadelphia, PA 19107, USA

**Site Latitude**  
eg: 37.5861

39.9467 ⓘ

**Site Longitude**  
eg: -122.2926

-75.158 ⓘ

**Street Address**  
eg: 1600 Amphitheatre Parkway

254 South 10th Street

**Suite #, Building... (Optional)**

eg: suite 4

**Floor... (Optional)**

eg: 4

**City**  
eg: Mountain View

Philadelphia

**State**  
eg: CA

PA

**Zip Code**  
eg: 94043

19107

**On-Site Contact Full Name**  
eg: John Smith

John Doe

**On-Site Contact Phone Number**  
eg: 310-111-2222

3118675309

- Next Ensure that the “**Xnet Operator Information**” is correct and filled in for each field. The Email Address, Discord Username and MetaMask Wallets Fields will lock after submission so please ensure all the information is correctly filled in.

**Note:** You **MUST** fill in a **Solana Wallet Address** for our upcoming Solana Token migration to start collecting XNET rewards when the migration is complete.

### XNET Operator Information

Please provide all the required information about the operator

<p><b>Full Name</b> <small>eg.... Joseph Jones</small></p> <input style="width: 90%; border: 1px solid #ccc; border-radius: 10px;" type="text" value="John"/>	<p><b>Company</b> <small>eg:... XNET Inc</small></p> <input style="width: 90%; border: 1px solid #ccc; border-radius: 10px;" type="text" value="Doe"/>
<p><b>E-mail Address</b> <small>eg.... Joseph@xnet.company</small></p> <input style="width: 90%; border: 1px solid #ccc; border-radius: 10px;" type="text" value="JohnD@Gmail.com"/>	<p><b>Discord Username</b> <small>eg. DoeX #1642</small></p> <input style="width: 90%; border: 1px solid #ccc; border-radius: 10px;" type="text" value="JohnDX"/>
<p><b>Metamask Wallet Address</b> <small>eg. 0x0f8f993s...</small></p> <input style="width: 90%; border: 1px solid #ccc; border-radius: 10px;" type="text" value="0x1365108e2C3619C02a23Lf83e26959b786x824ev"/>	<p><b>Solana Wallet Address</b> <small>eg. 5qRf8uMBLr...</small></p> <input style="width: 90%; border: 1px solid #ccc; border-radius: 10px;" type="text" value="ASz6auvMDYHKBiasgtKiUcYyB7Xt8WddatxZn3bGHuvhc74z"/>

[MetaMask Setup Guide](#)[Phantom Wallet Setup Guide](#)

6. In this section “**Deployment Site ISP Information**” we will need to gather some important ISP requirements you must fill in. Please fill this out to the best of your ability.

**Note:**For **Onsite Security**, choose one or more options from the dropdown. if you don't know what it is, you likely don't have it. Choose the “**Default Network Security**” option if you don't have any other security.

7. If you have updated Images of your AP deployments you need to upload you can attach new images before submitting.

8. Lastly once you've hit the **Submit** button it will trigger a reactivation for the AP you have selected and save the information you have provided.
